The receipt may then be presented at the Commission office by the licensee so that a Commission representative may affix the proper validation sticker to the racing license badge.

Each person licensed by the Commission shall do all that is reasonable and within the licensee's power and scope of duty to guard against and prevent the administration of any drug, medication or other substance, including permissible medication in excess of the maximum allowable level, to any horse declared or to be declared in a qualifying race or race, as prohibited by these rules.

H. Substance Abuse/Addiction

- (1) All licensees shall be deemed to be exercising the privileges of their license, and to be subject to the requirements of these rules, when engaged in activities that could affect the outcome of a race or diminish the conditions of safety or decorum required in restricted areas.
- (2) It shall be a violation to exercise the privileges granted by a license from this Commission if the licensee:
 - (a) Is engaged in the illegal sale or distribution of alcohol or a controlled substance;
 - (b) Possesses, without a valid prescription, a controlled substance;

 - (f) Refuses to submit to urine or drug testing, when notified that such testing is based on a random drug testing procedure, is based on reasonable suspicion that the person is using drugs or alcohol or is based on the licensee's acting as if in an impaired condition; or
 - (g) Presently has drugs (controlled substances) or alcohol in his or her body. With regard to alcohol, the results of a breathalyzer test showing a reading of more than .05 percent of alcohol in the blood shall be the criterion for a finding of alcohol present in the body. With regard to other controlled substances, presence of the drug in any quantity measured by the testing instrument establishes the presence of the drug for purposes of this paragraph.
- (3) At its discretion, the Commission may conduct random or episodic random drug testing, as well as testing based on reasonable suspicion, in order to ensure safety on the racetrack.
- (4) When conducted, random drug testing shall apply, equally, to all licensees who are, at the time of the random testing, exercising the privileges of their license in such

ways as may affect the outcome of a race or diminish the conditions of safety or decorum required in restricted areas.

- (5) No notice need be given as to onset or cessation of random testing.
- (6) For licensees who are tested under the provisions in this chapter, and whose testing shows the presence of drugs (controlled substances) or alcohol, any field screening test results shall be confirmed by a laboratory acceptable to the Commission which shall include Gas Chromatography/ Mass Spectrometry (GC/MS) procedures.
- (7) When the sample quantity permits, each test sample shall be divided into portions so that one portion may be used for the confirmation procedure and another portion may be utilized by the licensee to obtain an independent analysis of the urine sample.
- (8) The Commission shall provide for a secure chain of custody for the sample to be made available to the licensee.
- (9) All costs for the transportation and testing for the sample portion made available for the licensee shall be the financial responsibility of the requesting person.
- (10) Payment shall be due from the requesting person within 30 days of receipt of notice of the costs.
- (11) A licensee penalized or restricted pursuant to this chapter shall retain rights of due process with respect to any determination of alleged violations which may adversely affect the right to hold a license.
- (12) If there has been a violation, under number 2 above, the following procedures will be followed:
- (13) The Commission may, at its discretion, order the licensee to obtain a professional assessment to determine whether there is a substantial probability that the licensee is dependent on, or abuses, alcohol or other drugs or the Commission may act on the information at hand.
- (14) Actions in the case of first violators may include revocation of the license, suspension of the license for up to six months, placing the violator on probation for up to 90 days or ordering formal assessment and treatment.
- (15) Treatment or assessment, if ordered, must meet the conditions given in numbers 16-18 below.
- (16) The license of the person may be revoked or suspended for a period of up to one year or a professional assessment of the person may be ordered by the Commission.
- (17) If a professional assessment indicates presence of a problem of alcohol or other drug abuse that is not treatable within the reasonably foreseeable future (360 days) the license may be suspended for a period of up to one year.
- (18) If a professional assessment indicates presence of a treatable problem of alcohol or other drug abuse or dependence, the Commission may order the licensee to undergo treatment as a condition of continuing licensure. Such treatment will be through a program or by a practitioner, acceptable to the licensee and the Commission. Required features of any program or practitioner acceptable to the Commission will be:

- (a) Accreditation or licensure by an appropriate government agency, if required by state statute;
 - (b) A minimum of one year follow-up of formal treatment; and
 - (c) A formal contract indicating the elements of the treatment and follow up program that will be completed by the licensee and, upon completion, certified to the Commission as completed. To effect the contract, the licensee will authorize release of information by the treating agency, hospital or individual.
- (19) For third-time violators, the violator's license may be revoked and the violator may be deemed ineligible for licensure for up to five years.
- (20) Although relapse (failure to maintain abstinence) is not inevitable, it is common for relapse to occur in recovery from alcoholism or other substance dependence. Therefore, a licensee who is engaged in a formal program of recovery, and is compliant with all provisions other than abstinence, will not be regarded automatically as having committed a new violation.
- (21) When a licensee is determined to have failed in maintaining abstinence, the licensee shall furnish to the Commission an assessment by the treating agency, hospital or individual practitioner indicating whether the licensee was compliant with the agreed upon program of recovery, and an opinion as to whether a "new violation" occurred.
- (22) The Commission will determine whether a new violation has occurred in each instance. If a new violation has occurred, the Commission will proceed under numbers 13-15 above or numbers 16-18 above. Otherwise, the licensee shall continue in the agreed upon program of recovery.
